

# Domestic Violence

**Febri Endra B. Setyawan**

(Departement of Family Medicine, University of Muhammadiyah Malang)

# Domestic Violence

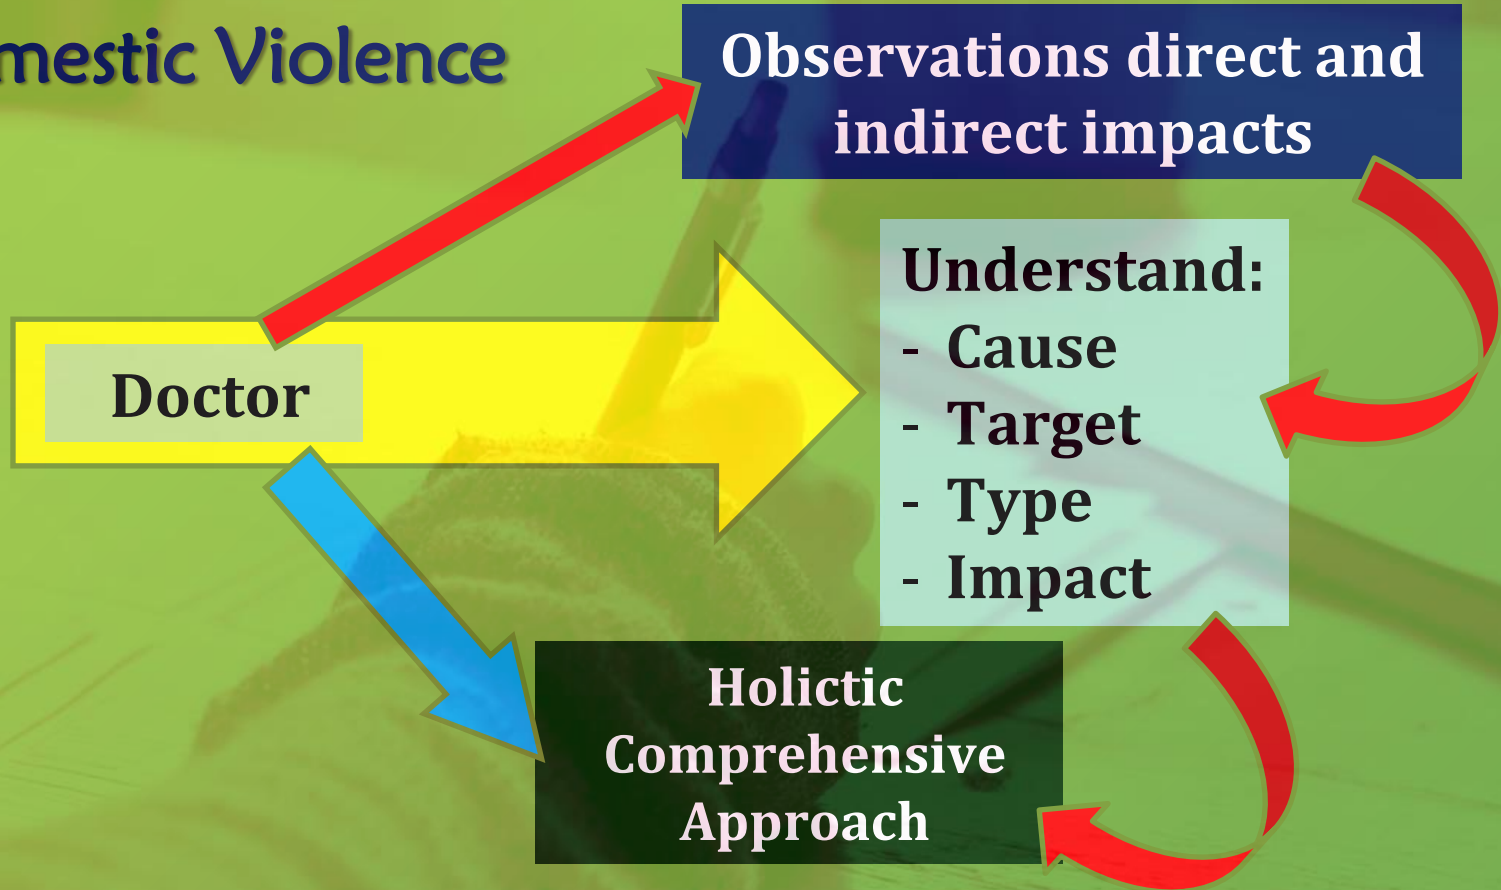

**Violence by one family member to another member**

**Cause: psychological, economic, education**

**Object: couple, parent, child, sibling**

**Type: Physical, sexual, psychological, economic**

# The Role of Doctors in Domestic Violence

# Holistic Comprehensive Approach

**Providing health services to victims**

**Resolve the cause of the problem  
(biopsychosocial)**

**Providing health services to perpetrators of  
violence**

**Assisting law enforcement**

# Domestic Violence

Think about the  
meaning of  
**“Five Star Doctor”**

Active and passive role

*Thanks!*
